WHOLESALE PRICES

"I Want Kicks"

A long time ago, in 1910, Wm. Henry Maule wrote an editorial which had the title shown above. He went on to say, "If you send me an order and everything is not entirely satisfactory I want you to let me know. Your money back if you want it; nothing has ever paid me so well as a prompt adjustment of all just claims—it is good business."

It still is good business. We have confidence in Maule's seeds, and we want to hear any complaint you may have about them. If you're not satisfied, we want to know why; we want to settle the matter with you promptly; and we want to prevent the same thing from happening again by knowing all about it ourselves.

This keen feeling of responsibility has been the basis for many lasting friendships with our customers. You can be sure that our interest follows our seeds to whatever part of the world you live, and we await the successful harvest in partnership with you.

MAULE'S

WHOLESALE PRICES

FOR MARKET GROWERS, TRUCKERS, FLORISTS

This special wholesale price list is for the exclusive use of commercial growers. It quotes larger units and generally lower prices than our retail catalog. Varieties shown in this list also appear in our retail seed book. Your copy, giving detailed descriptions, will be sent to you soon.

No "Non-Warranty" Clause

Everything in this catalog is unconditionally guaranteed to give you satisfaction. We can make such a confident statement only because we are sure of the seeds and bulbs we sell. They have been tested and found worthy of sale to the most discriminating gardeners in the world—market growers and florists.

THE MAULE GUARANTEE

We guarantee the vitality and purity of Maule's seeds to the full amount of the purchase price.

We will refill your order or refund—any time within a year—the full amount paid us for seeds, bulbs, or roots, if you are not satisfied with the results.

We send you only the highest quality goods and gladly stand back of them, but, as weather, soil, and care also influence crops, we shall in no case be responsible for any amount beyond the sum you actually pay us for the seeds, bulbs, or roots.

Credit and Terms of Payment

Our terms are cash with order, unless you have an account with us or are satisfactorily rated by the commercial agencies. If you want your seeds sent by parcel post or express C.O.D., or freight, sight draft bill-of-lading attached, ¼ of the value of the order must be sent us as deposit.

Maule Pays the Postage or Express (With certain exceptions noted here)

All flower seeds are sent prepaid, no matter what quantity you purchase. All vegetable seeds are sent prepaid, except for some heavy kinds, on which you pay the transportation charge. The kinds not sent prepaid are: beans, corn, peanuts, peas, sunflowers, asparagus roots, garlic sets, horse radish roots, garden sundries, onion sets, and rhubarb roots. These classes, as well as grass and clover seeds, are marked "not prepaid" in their place in the list. The reason for making an exception of these few kinds of heavy seed and roots is the fact that if we were to quote a price high enough to make it possible to ship to the most extreme parts of the country we would be penalizing purchasers who live near at hand. Therefore we quote the lowest possible price F.O.B. Philadelphia so that our customers need pay no more than necessary to bring the goods to them.

If you wish to have "not prepaid" merchandise sent prepaid with the rest of your order, please enclose sufficient money to cover postage or express charges.

Prompt Shipment

Maule deliveries are prompt and complete. You will be pleasantly surprised by the speed with which your orders are dispatched to you, and with the careful, secure packing of all shipments. Nevertheless, there are always some few varieties in our long list of which we have insufficient seed for the whole season, so you can get our very best service and surest delivery of all the items on your order by sending for your seeds as soon as possible. It helps us, and it helps you.

Most vegetable roots and bulbs are not available in mid-winter because of their perishable nature. Just as soon as we feel that weather will permit shipment, delivery will be made.

REWARD

$100.00

SQUASH BUG, alias STINK BUG

This insect is a bad and common garden enemy. In the interest of all gardeners, Wm. Henry Maule offers one hundred dollars reward for an effective way to kill this pest.

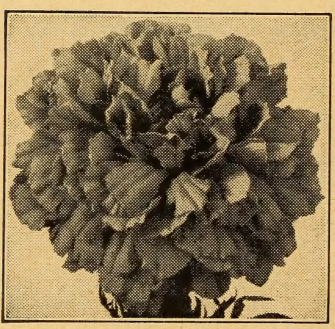
Squash bugs are gray or brown, and the adult bug is the size shown here. They attack squash and other vine crops in great numbers, frequently causing the death of the plant.

— RULES —

1. The insecticide or method offered must be one not commonly in use for this purpose in order to qualify.
2. The insecticide or method proposed must kill squash bugs readily and quickly.
3. Qualified suggestions will be tested by Maule, and if successful, tested again by impartial observers such as Experiment Stations.
4. In case of duplicate suggestions, the first to be received will be the one considered.
5. In case more than one effective control is found, the one judged most desirable will receive the reward. Our decisions shall be final.
6. This reward is valid only for entries received before August 1, 1946.

New Maule Service

With the addition of our new address at Clinton, Iowa, Maule increases the rapidity of delivery for both eastern and western customers. In the past all orders were shipped from Philadelphia, and for distant customers the time consumed in sending the order to us and in transporting the seeds to you was irksome, particularly at critical planting time. Now, with a division of labor between two seed houses and with shortened distance for western customers, all orders will be filled more rapidly than ever before. If you live west of Ohio, send your orders to us at Clinton, Iowa. If you live in Ohio, or east of that state, continue to send your orders to Philadelphia.



Free Seeds

Again this year we send a free packet of finest flower seeds to every customer. This year's gift is Carnation Flowered Odorless Foliage Marigolds, in mixed colors. Since gladiolus are very scarce this year, we are unable to continue our free bulb offer, but instead we'll send an extra free surprise packet of flower seeds.
